## GALLERY ELLEN EXHIBITION PROGRAMMING YEAR 2011-2012

**Exhibition Title: *Nomade en soi-même / Nomad in One's Own Mind***

**Exhibition Dates: September 7 to October 8, 2011**

### EXHIBITION DESCRIPTION (Text excerpted from press release)

*Featuring five videos made over the past decade, this exhibition encapsulates many of the key interests that have marked this Danish artist's oeuvre, notably, masculinity, performativity, and romanticism.*

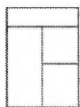

*Emerging in the early 2000s, Jesper Just creates short films and videos, often featuring apparently lone or lost characters, or as the title suggests, "nomads in their own minds." Just produces heightened emotional responses in viewers—everything from suspense to exaltation to melancholy—by employing well-known audio and visual cues from Hollywood films such as the use of close ups, the extended gaze, or musical numbers. In this way, he makes us aware of cinema as a collectively accepted vernacular with its own repertoire of re-occurring tropes.*

### ARTIST BIOGRAPHY
